Accuracy Circlet

This is a psionic circlet—a device worn by a Psionic to increase an aspect of his or her mental powers. The accuracy circlet enhances the weapon accuracy of all friendly units versus enemy targets that the Psionic wearing the circlet can see. When the Psionic makes visual contact with an enemy, the circlet can relay targeting information to the Psionic's allies, increasing their chance to hit. Our Psionics Factories can manufacture
